

weVENTURE™

WOMEN'S BUSINESS CENTER at FLORIDA TECH
BISK COLLEGE OF BUSINESS

DIRECTORY OF WOMEN-OWNED BUSINESSES

December 2020 Edition

WOMEN ENTREPRENEURS

MEAN BUSINESS

WEVENTURE.FIT.EDU

weVENTURE Women's Business Center at the Florida Tech Bisk College of Business has made it easy for you to #ShopLocal by compiling a directory of women-owned businesses in Brevard, Indian River and St. Lucie counties.

There are over 13 million women-owned firms in the United States today, responsible for generating over \$1.9 trillion in revenue. Prior to the pandemic, they were the fastest growing segment of the U.S. Economy.

Unfortunately, female entrepreneurs have been the hardest hit by this pandemic, and it is not just because of school shut downs, lack of child care, and personal health challenges. Women are more likely than men to own businesses in industries that have been hard-hit by the pandemic, such as restaurants and retail shops. Women and people of color are less likely to have the

same access to capital as white men. A House committee report found the Paycheck Protection Program left behind many minority- and women-owned businesses because banks prioritized lending to customers.

But for every business that is hurting, there are others who are thriving. Many women who already had online sales platforms and or virtual customer bases have seen their businesses boom. Then there are women like Deneen Edwards, who decided to launch her own business after being laid off this past spring. Entrepreneurship offers women like Deneen the opportunity to take their careers into their own hands - and she is thriving! (read her story on page 22)

At weVENTURE, our Mission is to Ignite the Power of Female Entrepreneurs like Deneen

We have been so inspired by our clients who have moved heaven and earth to adapt their businesses and relentlessly pursue success in the face of adversity. This directory is dedicated to them. We want to do everything in our power to support them - and hope you will use this directory to #ShopLocal and #SupportHer.

#ShopLocal

#SupportHer

Small businesses are the backbone of our economy. From 2012 to 2019, 60% of all new jobs created in Florida were created by small businesses with fewer than 100 employees. Nationally, as well as in Florida, the overwhelming majority of this small business growth has taken place thanks to female entrepreneurs.

According to the annual State of Women-Owned Businesses Report, commissioned by American Express, in 2019, these U.S. women with diverse ethnic and geographic backgrounds started an average of 1,817 new businesses per day in the U.S. between 2018 and 2019, down only slightly from the record setting 2018 number of 1,821. Women-owned businesses continue to trend above all businesses.

Total Employment By Women-Owned Businesses Rose 8% Over The Last Five Years

For all other businesses, the increase was far less at just 1.8%. However, the report also found that approximately only 1 million of the almost 13 million women-owned firms have employees. The vast majority of women-owned businesses are "solopreneurs," who have found career flexibility and financial opportunity in being their own boss.

Further, in response to lower pay at their place of employment, more women than ever - particularly women of color - are starting up "side" businesses. When looking at specific minority groups over the last five years, growth in "side entrepreneurship" is up 99% among African American women, 63% for Asian American women and 46% for Latina/Hispanic women.

Women are flocking to entrepreneurship because it offers them a path to financial security and the opportunity to take their careers into their own hands. By doing so, they are helping reshape the American economy and their success is key to our success as a nation going forward.

So whether you run your business out of a home office, or a large manufacturing facility; are an attorney who manages her own practice, or a Zumba instructor who brings health and wellness to others, weVENTURE is here to help you launch, grow and sustain your business, because we know that Women Entrepreneurs Mean Business.

weVENTURE Staff: Kathryn Rudloff, Jeannette Kraar, Kyle Graham, Susan Erickson, Amber Batchelor, Kathy Register

“

2020 has been a difficult year for human resource professionals. The weVENTURE peer group has been a tremendous resource. I am so grateful for Kathy Knolls sharing her passion for HR with us.

She truly wants to understand the company at an individual level to help and make suggestions. The group sessions and 1:1 consultations have helped me to understand my strengths and weaknesses and how to best communicate and serve my team.

It has been hard being remote with so many meetings, but when you chat with Kathy it feels like you are in the same room with her!

Very thankful and would recommend this Peer Group to others!

Professional Services

“

After a third layoff, I was tired of being limited by and at the mercy of some company for my income. **So, I decided to forge my own path.** That's when I reached out to weVENTURE, which was one of the best decisions I've ever made. I initially attended the Launch Your Venture class, which gave a high level overview of starting a business. **The mentoring, coaching, support, accountability, information, networking, and encouragement from other entrepreneurs was invaluable and just what I needed.** weVENTURE gave me the tools and the confidence to successfully launch my business, and continues to support me and my endeavors.

With weVENTURE, I feel like I'm part of the community; part of something bigger. It's women, just like me, who have a dream, who are taking control of their own future, who are building businesses that excite them and solving problems in their community. Women supporting women.

Because of weVENTURE, I am happy to say, I am Deneen Edwards, Personal Financial Management Specialist and CEO of DAE Time Solutions. We focus on your finances, so you can focus on life. Please check out my website, daetimesolutions.com.

DENEEN EDWARDS - WEVENTURE GRADUATE

Leadership Development

At weVENTURE, we support professional women at every phase of their career and offer leadership development opportunities that bring women from diverse industries and backgrounds together. Our network spans Brevard, Indian River and St. Lucie Counties and welcomes all women looking to connect with others in the relentless pursuit of success.

The ATHENA NextGen Thought Leadership Series at weVENTURE focuses on capacity building sessions in which women are motivated to connect, share and grow.

The program is based on the internationally successful ATHENA program in Orlando, Florida, which was co-founded by Karen Keene, a member of the Board of Directors of ATHENA International.

Participants take a “deeper dive” and learn about ATHENA’s Eight Principles of Enlightened Leadership. Sessions are facilitated by a diverse group of prominent women business leaders along the Space Coast who volunteer their time by sharing their own stories and leadership lessons. The sessions are once per month from April to November.

Every August weVENTURE hosts a half-day leadership development conference, featuring an outstanding slate of speakers. The IMPACT Summit is THE event for professional women looking to network, be inspired and expand their outlook on issues facing women today.

CEO Peer Groups

As part of our COVID-19 Emergency Support Programming, weVENTURE is forming Peer Groups to allow small business owners to work together with a subject matter expert, to tackle challenges and prepare for the future of their business. These are small intimate groups, where entrepreneurs can share, in confidence, with others working through similar issues. Peer Groups are being created to meet the needs of our clients, so contact one of our business coaches for a complimentary consultation and see if joining a Peer Group might be right for you!

“

I didn't join the program expecting to be lifted up in pretty much every part of my life. I didn't join the program expecting for my business to take a complete 360 in the right direction. I didn't join the program expecting to be so busy I had to turn business away. I joined the program because I wanted to do better. To be honest I didn't have a clue what that looked like and how to even begin. I was paired up with the perfect mentors. Mentors that actually, truly cared. They bent over backwards to help me succeed.

I didn't join this program expecting it to be one of the few positive things I had to look forward to for several months of my life, through my fight with cancer. But it was. When you get sick like that, it's hard to stay positive. This program gave me a successful future to think about, instead of the uncertainty today.

**So, was my experience with the program what I expected it to be?
Absolutely not. It was so so so so much more..**

I recommend weVENTURE to every woman who I know who has started a business or is considering starting one.

IGNITE 360[®] Business Mentoring Program

The IGNITE 360[®] Model was designed by our experienced business coach, Jeannette Kraar, for weVENTURE's Women's Business Center (WBC) at the Nathan M. Bisk College of Business at Florida Tech. It was trademarked by Florida Tech as a pillar program of the WBC. The IGNITE 360[®] mentorship model helps accelerate sustainable business growth for emerging and second-stage companies across all industries.

weVENTURE engages more than 70 experienced mentors - faculty members, subject matter experts, and experienced consultants - who are dedicated to your success.

The four distinct programs under the IGNITE 360[®] brand cater to the specific needs of the business and the entrepreneur.

- ▶ IGNITE 360[®] PATHWAYS helps walk aspiring entrepreneurs through the start-up process, laying a solid foundation for their business to grow on.
- ▶ IGNITE 360[®] TRANSITION is a three-month mentoring program for business owners ready to focus on strategy and business fundamentals to gain a strong foundation for growth or change.
- ▶ IGNITE 360[®] ADVANTAGE is a unique six-month mentoring program developed for emerging business that are ready to build a strong foundation for growth.
- ▶ IGNITE 360[®] PREMIER is for experienced second-stage companies ready to take their business to the next level.

Talk to one of our business coaches today and see which IGNITE 360[®] Program is right for you!
